Kim, what is your favorite stuff to mix the inlay powder with?

18:03:49 From Gordon Kincheloe Alamo Woodturners:  
FIG wood - Found in Garage.

18:04:05 From Kim Tippin:  
CA glue or Resin. I would use resin because it is less  
expensive. The amount needed of CA glue can get costly.

18:05:53 From Dave Leader:  
Try eBay for inlay powder. But price I've found has been on eBay
