very nice Doug

16:50:13 From Pohl Barn in Michigan:  
wait I mean Santa Burt !

16:50:53 From Michael Stratton:  
Very nice box Doug.

16:54:35 From Dave - Crescent City:

Really nice Doug

16:57:53 From Pohl Barn in Michigan:  
<https://youtu.be/VU5HtYZSY4Q>

16:58:04 From Pohl Barn in Michigan:  
my video Doug was talking about

16:58:25 From brenda thornton ohio:  
nice snowman GARY its better then my first one.

16:58:46 From brenda thornton ohio:  
I got a bowl to share

17:01:05 From Kim Tippin Wood Turning:  
Purty Brenda!!

17:01:25 From Dan Rozell - Claremore, OK:  
love the live edge and the color Brenda !

17:01:33 From Dave - Crescent City:  
Beautiful Brenda

17:02:07 From Doug Miller in Kentucky:  
I like it Brenda. Very nice.

17:03:12 From brenda thornton ohio:  
thanks everybody

17:04:37 From Ronald Todd Bloomsbury,N.J.:  
very nice Brenda

17:11:44 From Dave Leader:  
Learning moment (for me). I was told to never  
wear gloves using the lathe

17:11:59 From Dave Leader:  
I was never told why / why not

17:12:46 From Gerald Jensen:  
Dave ... pretty cold in his shop. I'm guessing

that's why he is wearing gloves.

17:12:57 From Andy S-Harrisville Pa:  
just like loose clothing, can be caught and draw  
your hand into the lathe

17:13:20 From Dave Leader:  
Jeff - anything safety comment about gloves?

17:13:47 From Dane Chandler -Tucson AZ.:  
glove protects hand from the chips coming off.

17:14:04 From Gerald Jensen:  
I have a buddy who was "de-gloved" in an accident  
a few years ago ... he lost 3 fingers and had to  
undergo many surgeries.

17:14:36 From Kade Bolger Ontario, Canada:  
I plant wear one because if that hand catches the  
chuck or a corner of the wood it will pull his hand  
and arm into the spinning timber on the lathe.

17:14:45 From Kade Bolger Ontario, Canada:  
don't

17:16:33 From Kade Bolger Ontario, Canada:  
Thank you Matt.

17:17:25 From Dane Chandler -Tucson AZ.:  
david Ellsworth wears a fingerless glove as a  
example. if you keep your hand behind the toolrest,  
you shouldn't be getting caught by the spinning stock.

17:20:05 From Dave Leader:  
thanks everyone

17:23:13 From Gordon Kincheloe - Alamo Woodturning:  
PB Blaster works well for cleaning up metal.

17:26:45 From Mark Keith:  
could you come in with a parting tool to preserve the edge?

17:27:36 From Dick Meuler - Des Moines, Iowa:  
Turn from outside in.....'

17:29:06 From Mark Keith:  
thank you

17:29:17 From Bob Grinstead - Mansfield, TX.:  
could you tape the bark before you try to turn it

17:30:36 From Dane Chandler -Tucson AZ.:  
yes, you could. typically you would douse it with  
thin CA. but time is limited & why he didn't use CA.

17:31:05 From Patrick Hoggard:  
I have better luck keeping the bark on cutting from the  
outside in.

17:31:31 From Doug Miller in Kentucky:  
I've always done these outside in to preserve the bark.

17:31:38 From Kade Bolger Ontario, Canada:  
Me too.

17:32:36 From Bruce from TN:  
Me three

17:33:50 From Henry Hogge  
Va:  
Anyone else having audio problems?

17:34:09 From Dane Chandler -Tucson AZ.:  
ok here

17:34:20 From Dave Leader:  
audio good

17:35:02 From Henry Hogge  
Va:  
Thanks!

17:35:35 From Dane Chandler -Tucson AZ.:  
kim, you have background audio coming in when you

come off mute

17:36:35 From Kim Tippin Wood Turning:  
so sorry! Kids watching tv.

17:40:30 From Dave - Crescent City:  
Good, thanks

17:41:11 From Andy S-Harrisville Pa:  
Nice demo Matt. Thank you

17:46:23 From Dan Summers - Columbus Ohio:  
great demo Matt. very well explained

17:46:48 From Patrick Hoggard:  
Thanks Matt.

17:46:49 From James Desbrow San Antonio Tx.:  
Thanks Matt.

17:47:25 From Jeffrey Schnell Tuckahoe, NJ:  
got a sanding jig

17:47:27 From Kade Bolger Ontario, Canada:  
Thank you Matt. Great demo. cheers.

17:47:28 From Doug Miller in Kentucky:  
Thanks Matt

17:47:40 From Chuck Slattery E. Tennessee:  
thanks Matt

17:48:11 From huck joe kansas:  
Thank you Matt for the great info on saving  
the natural edge on a bowl. Good Job !

17:48:35 From Doug Rowe out in Arizona:  
I grabbed out a few older natural edge bowls  
I can show

17:49:46 From Kade Bolger Ontario, Canada:

with speed and sharp tools you can ride the  
bevel I believe. Practice makes perfect.

17:49:59 From Matt Harber:  
My pleasure. Hope you can all use it!!  
Thanks, Huck!

17:50:30 From Jim Hurst Eugene, Or:  
Matt Great job, well done!!

17:50:52 From Mark Keith:  
good job

17:53:31 From Jeffrey Schnell Tuckahoe, NJ:
