18:25:09 From Norman Lanford - Washington State to Everyone:  
Convert your G3 to your new lathe and continue to use it  
for the smaller pieces that you will turn. I have the honor  
of having several checks that came with the lathe I bought  
from another turner, and use the one appropriate to the size  
of the item you are turning.

18:32:32 From Dick Meuler - Des Moines, IA to Everyone:

Many of the G3 kits being sold are direct thread and don't accept different inserts. You'd have to use a 1.25" x 8tpi to 1"x 8tpi adapter.
