17:10:56 From Dane Chandler -Tucson AZ to Everyone:
parallel balancing of blanc

17:12:44 From Dane Chandler -Tucson AZ to Everyone:
beauty of TBC as you can adjust the blank for balancing &
grain effect

17:14:34 From Dane Chandler -Tucson AZ to Everyone:
wall chaser grind

17:16:35 From Andy Schuster to Everyone:
as to species, I believe he said is was Massur Birch

17:17:06 From Dane Chandler -Tucson AZ to Everyone:
thought is was lilac?

17:17:34 From Andy Schuster to Everyone:
Im probably wrong, ears don't work real good anymore

17:18:10 From Dane Chandler -Tucson AZ to Everyone:
I'll ask later on

17:18:18 From Andy Schuster to Everyone:
Thanks

17:18:26 From Doug Miller in Kenucky to Everyone:

It's birch.

17:18:47 From Joaquin Juatai to Everyone:
It's striking. I don't think I've ever seen anything like it.

17:18:58 From Glen Crandall to Everyone:
He did say lilac

17:21:36 From Doug Miller in Kenucky to Everyone:
Speed is your friend with all this air

17:22:06 From Dane Chandler -Tucson AZ to Everyone:
indeed. angel wings

17:22:44 From Joaquin Juatai to Everyone:
I have a few very this walnut crotch pieces I need to turn.
This tutorial couldn't have come at a better time.

17:23:00 From Joaquin Juatai to Everyone:
thin. Very thin. I am Typoman.

17:23:43 From Doug Miller in Kenucky to Everyone:
I was afraid the first time I saw Clewes do this. Started his demo with a 2x4 spinning full speed. Frightening sound.

17:24:25 From Joaquin Juatai to Everyone:
Probably sounded like a Huey ...

17:24:41 From Doug Miller in Kenucky to Everyone:
At least

17:25:39 From Captain Eddie to Everyone:
I watched Clewes blow up a bowl with that high speed trick.
Scared the entire audience to death. Speed may not always be
your friend.

17:26:16 From Joaquin Juatai to Everyone:
I've seen at least two videos where he makes sure to tell the
audience he doesn't turn that fast at home.

17:27:54 From Doug Miller in Kenucky to Everyone:
If the wood isn't perfect, speed can be a risky situation
for sure.

17:29:07 From Dane Chandler -Tucson AZ to Everyone:
and a proper ogee demonstration!

17:30:18 From Dane Chandler -Tucson AZ to Everyone:
great technique being displayed folks!

17:33:28 From Andy Schuster to Everyone:
Thanks Paul, great demo and info

17:36:10 From Dane Chandler -Tucson AZ to Everyone:
you heard right Andy S!

17:36:35 From Billy Dillard Houma, Louisiana to Everyone:
This wood would make a great birdhouse.

17:36:56 From Harvey Brooks to Everyone:
Masur Birch

17:37:08 From Harvey Brooks to Everyone:
<https://www.wood-database.com/masur-birch/>

17:43:50 From Dane Chandler -Tucson AZ to Everyone:
do notice the closeness of the toolrest to the piece. its
important to have that tool support on a "winged "blank.

17:47:31 From Scott Hampton to Everyone:
Seeing that hand and wrist with the watch on so close to the
spinning wing is sending chills down my spine.

17:47:57 From Joaquin Juatai to Everyone:
On really cold days I am forced to use my powered respirator
just to keep the fog down.

17:48:03 From Dane Chandler -Tucson AZ to Everyone:
also notice how he is leaving the center mass as much as
possible. this helps to prevent flex on the wings (walls)
while getting them cut [sliced] to shape.

17:48:11 From Captain Eddie to Everyone:
Same here on watch. I'm afraid to watch.

17:50:30 From Susan's iPad to Everyone:
Wine helps but a cringe with the side of his hand

17:50:34 From Gary Bobenhausen-Corinth, Texas to Everyone:
Cutting that thin just scares the heck out of me.

17:50:52 From Dane Chandler -Tucson AZ to Everyone:
it's the thrill!

17:51:10 From Tim Hatch TX to Everyone:
Susan your funny....

17:51:39 From brenda thornton ohio to Everyone:
his hand is extreamly close to that tip (Astonished Face)

17:52:15 From Dane Chandler -Tucson AZ to Everyone:
ex pet it's on the correct side of the toolrest

17:52:20 From Scott Hampton to Everyone:
Dane, roller coasters are thrilling, not sure what to call
this (Grinning Cat)☐ (Radiating Light)☐

17:52:46 From Joaquin Juatai to Everyone:
I may or may not have a scar on the blade of my left hand
from the live edge of a piece. I can neither confirm
nor deny ...

17:52:52 From Captain Eddie to Everyone:
I think I'd be using "curb feelers"□

17:53:14 From Dane Chandler -Tucson AZ to Everyone:
we thin guys are loving this!

17:53:41 From Joaquin Juatai to Everyone:
David Swain would be drooling if he's not in here ...

17:53:49 From Tim Hatch TX to Everyone:
I haven't been thin since I was a young man
in the Army...LOL

17:54:52 From Doug Miller in Kenucky to Everyone:
Great optical illusion. His hand isn't nearly as close
as it looks. Tool rest is between his hand and the edge
of the wood.

17:55:35 From Joaquin Juatai to Everyone:
Man that technique ... I have something new to practice!

17:56:02 From Matt Harber to Everyone:
Yep, just ride the bevel to the enter....

17:56:10 From Susan's iPad to Everyone:
He is doing a FANTASTIC job!

17:56:45 From Matt Harber to Everyone:
You can roll the tool a little, flute toward the center,
to get even more of a sheer on the cut.

17:57:30 From Joaquin Juatai to Everyone:
You could shave with that bowl!

17:59:46 From Matt Harber to Everyone:
I also use the lathe spindle lock when I am doing
this, so the bowl doesn't move...

17:59:57 From Matt Harber to Everyone:
*doesn't

18:00:09 From Doug Miller in Kenucky to Everyone:
Exactly

18:15:42 From Joaquin Juatai to Everyone:
My trick for friction on a winged piece like that is to
wrap the paper towel over the edge of a Scotch Brite pad
and let the Scotch Brite take any friction.

18:17:17 From Matt Harber to Everyone:
You can add thin foam to those forms to further cushion
things.... (Walmart craft foam, \$5 for 30 sheets)

18:17:40 From Gary Bobenhausen-Corinth, Texas to Everyone:

That is a great idea.

18:22:49 From Patrick Hoggard to Everyone:
BellForest has a Masur Birch slab
1 9/16" X 10 1/2" X 34 9/16" for \$761.00

18:23:43 From Doug Rowe to Everyone:
Great demonstration tonight. I have to get going.
See you all next week.

18:23:43 From Dane Chandler -Tucson AZ to Everyone:
VAT = you gonna pay alot extra!

18:25:29 From Scott Hampton to Everyone:
Is that all???

18:26:04 From Gary Bobenhausen-Corinth, Texas to Everyone:
A lot of experience

18:26:12 From Scott Hampton to Everyone:
My retirement fund is all the burl I have.

18:26:31 From Susan's iPad to Everyone:
Good nite Doug!!!

18:27:12 From Captain Eddie to Everyone:
Hey, Doug is gone, now we can talk about him.....

18:27:29 From Dane Chandler -Tucson AZ to Everyone:

18:28:13 From Scott Hampton to Everyone:
Captain, that's why I stay until the end.

18:29:09 From Matt Harber to Everyone:
LOL!

18:29:36 From Scott Hampton to Everyone:
Don't need any gossip about me making the rounds
(Grinning Face)

18:30:05 From Dane Chandler -Tucson AZ to Everyone:
lol! right! we all game!

18:30:14 From Susan's iPad to Everyone:
WAIT we need to start a rumor!!! LOL

18:30:42 From Captain Eddie to Everyone:
The rumor has to include comments on hair and bikini.

18:30:56 From Susan's iPad to Everyone:
HAHA HA

18:31:01 From Scott Hampton to Everyone:
(Radiating Light)

18:31:57 From Scott Hampton to Everyone:
I have plenty of hair, no bkinis though.

18:32:42 From Gary Bobenhausen-Corinth, Texas to Everyone:

18:38:43 From Captain Eddie to Everyone:
Now we can talk about Scott, no limits

18:41:35 From Tim Hatch TX to Everyone:
