

## World Wide Wood Turners 2011-05-18

15:53:04 From Dave Rhodes - Crescent City:  
Hi All...

15:53:46 From Henry Hogge:  
Hello all

15:58:45 From huck joe kansas:  
HELLO, to all from Kansas USA.

15:59:30 From Sandi Swayze, OPCAOW:  
Hi Everyone from Silverdale, Wa. Sandi Swayze

16:00:00 From Tim Hatch Bastrop, TX:  
Good Evening Everyone

16:00:52 From Richard Henke:  
Hello from Wausau Wi

16:01:41 From grisw:  
hay every buddy john fl.

16:08:07 From Andy Schuster:  
Figgers, started raining, lost internet.....  
not sure how long I can be here

16:28:00 From Dave Kingsley - Lakewood NY:  
I have something to show

16:28:28 From Sandi Swayze, OPCAOW:  
I have something to show.

16:28:33 From Doug Miller:  
I have something to show

16:29:59 From Scott Hampton-Visalia, CA:  
It's a balmy 92-degrees right now where I am in the San Joaquin Valley  
of central California. Summer is definitely on its way here.

16:30:03 From Gerald Avery, Winter Haven, FL:  
I have something to show,

16:30:06 From hwkin:  
Howard King, Cullman, AL I have something to show

16:30:51 From Dave Rhodes - Crescent City:  
Way too cold, right Scott ??? (BIG SMILE)

16:31:36 From Scott Hampton-Visalia, CA:

□ □ □ Bring on the 110s, lol.

16:31:40 From grisw:

billy how do you deal with pin holes in the apoxy

16:32:58 From Dave Rhodes - Crescent City:

How do you deal with beetles I the wood? And assure you kill them all, or rid yourself of all the beetles?

16:34:28 From Matt Harber:

Put thin CA glue into all the holes.... It cooks the beetles....

Pinholes in the epoxy come from small air bubbles. Pressure pot

16:35:12 From Robert Clark:

Scott: It is always hot in the Central Valley of CA this time of year.

Then in the winter it is always foggy. Gives you lots of time to turn wood

16:36:01 From Matt Harber:

Read the directions on your epoxy... A lot of epoxies will allow the bubbles easier passage if they are exposed to CO2 - so breathe on the epoxy, or use a hand-held propane torch - but don't put the flame on the finish.

16:36:39 From James Desbrow:

I have some thing to show.

16:37:26 From Billy Burt - Alamo City, Texas:

Another trick to bring the bubbles up and pop them is spritzing the resin with isopropyl alcohol

16:37:36 From Scott Hampton-Visalia, CA:

Yes, it's always hot here in the summer. Thirty-days straight of 100+ degrees is not uncommon every year.

16:38:24 From Randall Smith:

Have to go lock up the church. May be back later...

16:38:48 From Scott Hampton-Visalia, CA:

I have a few things to show.

16:40:12 From Bob Moffett - N.C.:

I have something to show

16:41:59 From Matt Harber:

Beautiful!!

16:42:40 From Dave Rhodes - Crescent City:

Beautiful Sandi

16:43:00 From Tim Hatch Bastrop, TX:

Gorgeous Sandi... Very Nice

16:43:17 From Billy Burt - Alamo City, Texas:

Stunning, Sandi!

16:46:03 From Bob Grinstead - Mansfield, Texas:  
nice Sandi

16:46:15 From Scott Hampton-Visalia, CA:

16:53:03 From Billy Burt - Alamo City, Texas:  
Thanks, Daniel!

16:55:13 From Joe Channey:  
Hi all happy day from New Mexico. Did anybody see the Cindy Drozda Zoom gettogether  
today? A discussion and Show and tell of people's turning.

16:56:00 From Doug Miller:  
Hi Joe. No I didn't get to see it.

16:57:27 From Billy Burt - Alamo City, Texas:  
I didn't see it either

16:58:06 From Matt Harber:  
I was going to try to get there, but got interrupted with some busy stuff,  
this afternoon.

16:59:47 From Scott Hampton-Visalia, CA:  
I popped in for a while Joe. there were some interesting pieces, including the  
oval boxes Tod Raines taught about during his last IRD.

17:03:09 From hwkin:  
Howard King, Cullman, AL. Anyone going to this year's AAW Symposium in Chattanooga

17:03:44 From Steve Lackscheide:  
Howard, Yes, I am. My first time.

17:03:49 From Doug Miller:  
I might run down for Saturday.

17:04:15 From Billy Burt - Alamo City, Texas:  
Not me, Howard... I save my money for SWAT

17:04:19 From Matt Harber:  
Minwax Helmsman's Spar Urethane

17:07:55 From Scott Hampton-Visalia, CA:  
hwwin, I'm teaching three rotations at the symposium this year. Please look for me.

17:08:27 From Scott Hampton-Visalia, CA:  
I have one more piece to show if we have time.

17:09:06 From Robert Hodge:  
Was thinking of going to AAW but dang it's expensive! Decided to just have a shopping spree at SWAT instead.

17:11:03 From Robert Hodge:  
Those are some massive spalt lines!

17:11:28 From Doug Miller:  
Seriously!

17:11:58 From Doug Miller:  
Good to see you tonight Hodge!

17:12:04 From Billy Burt - Alamo City, Texas:  
Hi, Robert

17:12:18 From Robert Hodge:  
Glad to be here. Hi Doug and Billy

17:16:20 From Bob Grinstead - Mansfield, Texas:

<https://bestwoodtools.stores.yahoo.net/>

17:29:11 From Doug Miller in Kentucky:  
Thank you Hodge

17:30:19 From Robert Hodge:  
Seems like a pain to clear chips.

17:31:04 From Larry Garver - NE Ohio:  
Nova has a small & a large box rest in their modular system. Tool post sold separately. All available on Amazon and other places

17:34:13 From Bob Grinstead - Mansfield, Texas:  
great Idea Mark. like the tool rest

17:37:29 From Doug Miller in Kentucky:  
I was wondering about the notches in the handle.

17:38:16 From Scott Hampton-Visalia, CA:  
The Nova post is \$25 on Amazon, and the large box rest that attaches to it is \$25, and the small box rest is \$22.

17:41:06 From Bob Grinstead - Mansfield, Texas:  
Thanks Mark great idea

17:41:14 From Dave Rhodes - Crescent City:  
Thank you Mark

17:41:17 From Steve Lackscheide:

From Howard King, Cullman, AL Great job Mark

17:41:51 From Billy Burt - Alamo City, Texas:  
Looks like I have some work to do... after I fix my air compressor!

17:42:11 From Sandi Swayze, OPCAOW:  
Thank you Mark - great demo; some fantastic tips . Sandi

17:42:19 From huck joe kansas:  
Thank you Mark. A Great Demo and very informative.

17:42:46 From Tim Hatch Bastrop, TX:  
Thanks Mark Great Tips

17:44:40 From Bob Moffett - N.C.:  
Great demo Mark. Lots of good points to consider.

17:45:53 From Doug Miller in Kentucky:  
So much great information Mark. Thank you. If you see Elisabeth, tell her I said hi please.

17:49:12 From Scott Hampton-Visalia, CA:  
The Robust box rests has a pin at the end that allows for extra support and 'steering' while using a scraper. \$64.95.

17:49:45 From brenda thornton greenville ohio:  
☐

17:51:57 From Andy Schuster:  
thank you Mark for the demo. I would never of thought of something like that...  
Anyway Folks, time to head out. See you turners next week.

17:52:14 From Billy Burt - Alamo City, Texas:  
Mark, is that box rest 1/4" thick?

17:53:52 From Scott Hampton-Visalia, CA:

18:40:05 From Kade Bolger, Woodturner:  
Join me for my next Live Interactive Remote Demonstration, Turn a Lotus Bowl.  
June 18th at 10am EST. Details and Register at  
<https://www.kadebolger.com/interactivedemonstrations/interactive-remote-demonstration-3-corner-3-footed-bowl>

18:40:32 From Scott Hampton-Visalia, CA:  
The secret to a wood pestle and mortar is to leave the wood inside the bowl rough.  
It allows for better grinding and allows the herbs and seasonings to 'season' the bowl.

I've talked to several chefs and this is how they prefer how to use them.

18:47:11 From Ron Vincent Wyoming, MI:  
Mark can you post your phone number please

18:48:47 From Scott Hampton-Visalia, CA:  
Don't forget to watch the international 'Virtual Craft Festival' all-day this Saturday free on YouTube. Please visit my channel using this link for more info.
