Good Evening Everyone... Hope everyone had a Great Christmas

16:07:07 From Kade Bolger, Woodturner:
Good evening all. Merry Christmas and all the best in the New Year

16:07:45 From John Scelfo New Jersey:
Happy Hoildays everyone!

16:08:07 From John Scelfo New Jersey:
Holidays!

16:09:38 From Matt Harber:
Happy Holidays, John!

16:12:04 From Doug Miller in Kentucky:
I have something to show tonight

16:12:20 From Dean Grimes:
Happy Holidays everyone and Happy New Year!!

16:15:33 From Kade Bolger, Woodturner:
Need a wood stretcher to stretch it longer. New on the market.

16:15:54 From Dane Chandler -Tucson AZ:
right!

16:16:15 From Tim Hatch Bastrop, TX:
LOL Wood Stretcher.. Good one Kade

16:17:09 From Ron Vincent Wildwood, FL:
I just use my add on tools

16:24:28 From Patrick Hoggard:
Covid is the worst sickness I've ever had. Had it twice.

16:27:02 From Tim Hatch Bastrop, TX:
3 times it's a charm for sure

16:27:42 From Dave Kingsley - Lakewood NY:
I have something to show

16:38:29 From Ray Davis, New Mexico:
Ray Davis here—I have something to show and maybe some help.

16:38:47 From Tim Hatch Bastrop, TX:
I got something...

16:38:59 From Doug Rowe:
I have a couple to show

16:39:06 From Heather Budarick:
I have something to show

16:45:13 From Bob Grinstead - Mansfield, Texas:
three point offset turningI tried it too. But it failed bad.
1 I used oak,
2 the piece was about 6 " long x 3.25" d.
3 my points were out at the edges about 1.5" from the center.
4 used a chuck center

my points on the headstock tore out three times I'll try again
with softer wood.

16:47:31 From Doug Miller in Kentucky:
Bob, make your circle to work off of closer to the center of the
work piece

16:48:03 From Bob Grinstead - Mansfield, Texas:
I know now eash was a different error on my part

16:57:35 From Dave George:
I have several items to show.

16:58:02 From Lan Brady:
Heather, where can we see your video on this?

17:01:37 From Heather Budarick:
<https://youtu.be/7cS0B8AqLmg>

17:02:42 From Lan Brady:
thanks Heather

17:03:12 From Heather Budarick:
you're welcome

17:04:31 From Heather Budarick:
I'm going to make some of those for next year!

17:06:47 From Matt Harber:
Dollar stores, too.

17:08:16 From Dane Chandler -Tucson AZ:
was spot on way of doing.....two pieces of wood. demo lasted
20minutes start to finish

17:09:26 From Matt Harber:
Official size of standard party popper is 25mm diameter....
this is slightly less than 1" diameter....

17:11:05 From Dane Chandler -Tucson AZ:
doug or matt can you capture the new gallery folks while I'm demoing please

17:11:25 From Matt Harber:
Will do...

17:11:30 From Doug Miller in Kentucky:
Got it

17:15:30 From Matt Harber:
There is also something called a "piston fit", where the lid fits
so well that it vacuum-seals itself on.

17:16:53 From Scott Hampton, Visalia, CA:
A piston fit lid has a long tenon that the lid slides down on.

17:18:34 From Matt Harber:
Yep.... and the tenon doesn't necessarily need to be that long...

17:19:41 From Heather Budarick:
I'm pretty sure I'm in the contact list

17:20:07 From Matt Harber:
☺

17:22:02 From Dave Rhodes - Crescent City:
You can find a lot of YouTube addresses for folks, including
Heather at:

17:33:14 From Tim Hatch Bastrop, TX:
Dane where did you get your air adapter

17:33:48 From Doug Miller in Kentucky:
That air adaptor is available at Harbor Freight

17:33:58 From Matt Harber:
Yep, HF sells 'em too...

17:35:13 From Tim Hatch Bastrop, TX:
I'll have to check them out Thanks

17:35:29 From Matt Harber:
HarborFreight:

17:37:00 From Matt Harber:
Also an HF option:
<https://www.harborfreight.com/pistol-grip-blow-gun-63568.html>

17:38:33 From Tim Hatch Bastrop, TX:
Yeah I have that type. Matt I was interested in the adjustable valve on his
blow gun

17:39:18 From Matt Harber:
You could make your own cone drives out of wood, too...

17:39:28 From Doug Miller in Kentucky:
Tim, HF has those too. Very cheap.

17:40:02 From Tim Hatch Bastrop, TX:
LOL Thanks I will check out their selection next time the wife lets me get to
town...LOL

Great Demo Dane.... Thanks

18:13:06 From Scott Tague Wisconsin:
Great demo Dane

18:13:57 From Dave George:
Thanks for the demo Dane!

18:13:59 From Lan Brady:
great demo

18:14:28 From Dave Rhodes - Crescent City:
Thank you Dane, Great Demo

18:14:49 From Doug Miller in Kentucky:
Any gallery items? Let me know here in the chat.

18:15:20 From Jim Duxbury .:
I could show some pieces

18:15:34 From Huck:
Thank you Dane for a great demo. You make it look easy.

18:16:15 From Bob Grinstead - Mansfield, Texas:
Great Demo Dane

18:16:23 From Jim Duxbury .:
Nice job Dane. You recover well when things go wrong.

18:22:03 From Thomas Schutz:
Excellent demo Dane. Your knowledge is very much appreciated

18:22:21 From Gerald Jensen:
You can easily sharpen your skew with a curve ... Alan Lacer has instructions on doing that on his website.

18:22:46 From Kade Bolger, Woodturner:
great demo dane

18:23:03 From Gary Bobenhausen-Corinth, Texas:
Thanks Dean. Sorry but have to go tonight. Happy New year to you all.

18:26:33 From Martin Clarkson:
thanks guys bed time for me great meeting see you all in the new year

18:26:48 From Matt Harber:
Good night, Martin. Thanks!!!

18:26:53 From Tim Hatch Bastrop, TX:
Happy New Year Martin... Good Night

18:26:54 From Doug Miller in Kentucky:
Good night Martin

18:26:55 From Bob Grinstead - Mansfield, Texas:
Thnaks Martin

18:32:13 From Doug Miller in Kentucky:
Jim is the only one I know about.

18:33:13 From Matt Harber:
Looking up directions on how to soup up my lathe....

18:35:04 From Tom Kenny - Tallahassee, FL:
I have 2 to show.

18:35:29 From Dane Chandler -Tucson AZ:
got Richard & tom up next

18:35:58 From Patrick Hoggard:
My internet has gone haywire. See you guys next week.

18:36:17 From Dane Chandler -Tucson AZ:
by pat

18:36:46 From Bob Grinstead - Mansfield, Texas:
thanks Jim

18:43:48 From Matt Harber:
5 sided = pentagon
6 sided = hexagon

18:44:09 From gary hoffman arizona:
looks almost like intarsia

18:45:33 From Craig W:
Happy New Year all. Gotta go for now. Thanks for all the
great information .

18:48:29 From Scott Hampton, Visalia, CA:
Before everyone bows out I will like to send my best to all
of you for a wonderful and full new year.

18:49:05 From Dane Chandler -Tucson AZ:
the .com has reverted back to us and if it typed in you will
be directed to the .org

18:49:15 From Tim Hatch Bastrop, TX:
Thanks Scott.... Happy New Year

18:49:16 From Heather Budarick:
thanks Scott! Right back at you!

18:49:32 From Dane Chandler -Tucson AZ:
you as well scott

18:49:40 From Dave George:
This has been another wonderful night...Thanks everyone! Good night.

18:49:46 From Dane Chandler -Tucson AZ:
and for everyone else happy new year!

18:50:42 From Ronald Todd:
Happy New Year everyone!

18:50:42 From Scott Tague Wisconsin:
Happy New Year To everyone.

18:52:55 From Gary in Oklahoma City:
I have a question for Kade

18:54:54 From David j Edwards Michigan:
Happy New Year everyone Good night

18:56:29 From Huck:
Thanks to everyone for another Great evening and lot's of info from
you all. Happy New Year !!

18:56:32 From Matt Harber:
I did this also. My shop is isolated by a heavy (painter's plastic)
sheet that contains all the dust.

18:57:38 From Ward Wilson:
I built my mine, thanks to Dean

19:06:05 From Dane Chandler -Tucson AZ:
thank you all for the kind comments, much appreciated! hope you were
able to take something from it.

19:07:30 From Scott Hampton, Visalia, CA:
Dane, I'll be trying your pen making methods next time I get a hankering
to make some. Really good tips.

19:08:08 From Tim Hatch Bastrop, TX:
I use a Box fan with a 20 inch filter attached to the back.... Cheap Red
Neck but cleans the air...

19:08:35 From Tim Hatch Bastrop, TX:
Dust Collector and Fan work well together

19:09:01 From Tim Hatch Bastrop, TX:
Happy New Year...

19:09:03 From Matt Harber:
Thanks everyone!

19:09:36 From Paula Shea:
Happy New Year All!!
