I have a Thein Baffle system on my Harbor Freight Dust collector, it is in an outbuilding next to my shop... Very little noise in my shop from the dust collector, and I vent the exhaust out into the grass... No filtration needed... If I was doing it in the shop I would do something like Scott is making... to keep the air clean... I just found it was easier to vent outside.. I don't have neighbors to worry about

Good night everyone. It's been a great night. Then again, it usually is.  
Hope you all have a great week. If you need to get in touch with me, please feel  
free to use my information from the contact list. Or you can DM me on either FB or  
Insta. Be careful in the shop. Good night.
