Now are you trying to mirror the back side that was cut earlier, the curve?

18:37:11 From Ron Kisko:
I will rewatch the recording that was a good demo but painful to watch with the technology glitches. Thanks Waukeene

18:39:45 From Dane Chandler - Tucson AZ:
Glad you made it. Folks have tech issues on their side & there is nothing we as the group can do about it. As I had mentioned earlier, his connections were tested out & they were excellent.....someone in his household was also on the wifi & pulling his wifi connectivity.

Painful is not a good term to be using at all.
