16:59:56 From Joaquin Juatai:  
Friends, please remember, our goal is a newsletter that is visually appealing. I choose the best looking photos over poorly lit, poorly framed, or busy, cluttered imagery. It is not commentary on your work, but selection of appealing imagery that will share your talents and, hopefully, appeal to new turners. Image quality is vital in order to produce a visually attractive newsletter.

For the Tips and Tricks day, I will show folks how they might use the app  
[https://www.worldwidewoodturners.org/apps/bowl\\_in\\_a\\_board.html](https://www.worldwidewoodturners.org/apps/bowl_in_a_board.html) to design the cuts for a bowl from a board like Joaquin Juatai showed several demos back. Folks were worried about the math, and this will prevent them from doing the math.
