17:18:43 From Sue Bailey - Cape May, NJ:
Replying to "How long does a fire..."

10 & 12 years.

17:18:46 From Kelly:
well if you really want to be code you'd have to have them inspected every year

17:19:06 From Sue Bailey - Cape May, NJ:
Reacted to "well if you really w..." with

17:19:23 From Dane Chandler - Tucson AZ:
I was told by my FD folks when I brought mine in for "cert" (not required for personal uses) that as long as the pressure is holding and there is zero rust on the mechanisms, they are golden.

17:19:28 From Sue Bailey - Cape May, NJ:
Replying to "well if you really w..."

yep. rag and tag every year

17:19:31 From Robert Cox:
Jim Duxbury, be sure to invert and shake your fire extinguisher every few months. The dry powder will pack down if it is not agitated occasionally.

17:19:45 From Patrick Hoggard:
As long as the guage is in the green it's fine. Good idea to turn it upside down and give it a good shake once in a while.

17:19:48 From Safety Sue Largo:
Replying to "How long does a fire..."

I would call your local fire department. At the PO we had them in every year to certify them

17:19:58 From Doug Miller in N Kentuckly:
you might take them by your local firehouse and have them advise you.

17:20:03 From Kelly:
